

# NAIROBI INTERNATIONAL SCHOOL

# ESPRESSO

April 2016

## From the Director's Desk

Dear Parents

Yet another term has come to an end... much to everyone's relief as the unexpected heat wave that hit Nairobi had made it virtually impossible for both the teachers and students to concentrate on the job at hand.

Despite the scorching sun and the uncontrollable heat, we tried our best to beat it with preparations for the forthcoming exams at every level. The Year 6s and 8s with the first set of Common Entrance exams coming up and the Year 11s, 12s and 13s with their IGCSEs, AS and A2 exams around the corner, were busy with revision tests and mocks. I am certain that these students are by now almost ready to face the challenges ahead. But learning inside the classrooms is not all that we did. We braced ourselves against the sweltering heat and went for our fixtures, had our swimming galas and sports days as served the community with very many projects as is normal at NIS.

The newsletter will give you a good idea on all that happened at NIS this term. I hope you thoroughly enjoy the read.

Now to matters more serious...

Please note that external exams at our Senior School commences on the 3<sup>rd</sup> of May and ends on the 28<sup>th</sup> of June. Parents kindly ensure that children are in school on time in full uniform with all the necessary equipment and Statement of entries for every one of their sessions.

My request once again to the Prep School moms who pick their children is to avoid socializing in the car park or even leaving the vehicles in the car park while going in to chat with the teachers at the pickup time. This is solely to avoid the congestion caused by stationary cars during the peak hours.

You are welcome any other time to walk in and see the admin or the Head of School for any pressing issues. Also it would help to be considerate with each other in speech and action at the parking area. Parents at the Kindergarten please note that the pickup time in the afternoons is **3.15 pm** and so you are requested to avoid coming in early (in some cases as early as 2.20pm). The school buses will leave the compound at 3.10pm and only then will the gates be open for parents to come in and pick their children. This is also to avoid the traffic jams that are usually created at the Prep school entrance by parents, who, after picking the KG kids early, tend to park and wait for Prep school to finish at 3.30pm. Kindly help us to minimize the traffic jams by adhering to the timings.

I would like to encourage all parents to attend all our events and be part of the NIS family. By this, I don't mean just the PTCs but also the socials, cultural events as well as the assemblies and Career days.

Kindly ensure that children have decent hair styles and that they wear proper uniforms that include polished leather shoes to school. They need to take pride in themselves and it can only happen when we work together as one team. Also remember, Mobiles are not allowed in school and if found, will be confiscated.

To those parents who joined us recently, I would like to reiterate that NIS is all about reviving values and we emphasize on this at every stage. **Respect, Integrity, Self-Discipline, Courtesy and Spirituality** are integral for all if you have been admitted to NIS and I would like us to be partners in fostering these values in our children.

I hope you all had a good Easter, rested well and are now ready for the final term of this academic year.

I wish all the candidates the very best and pray for strength and courage to do your exams well.

Thank you and God bless!

**Mrs. Lee.**

# KINDERGARTEN

Once again we have come to the end of another very successful and exciting term! While working on our academics, we have also had various events and activities that have kept us busy throughout the term.

Here are some of the highlights of term 2:

**Clubs:** The children have participated in various club activities this term. They have learnt many skills in the art & craft club, roller skating club, Monkeynastix club, Karate and Taekwondo clubs, horse Riding, Pottery, Modern Dance, Indian dance and Contemporary/Ballet clubs. All the children seemed to thoroughly enjoy their chosen club.

**Sports Day:** We held our sports day on the 4<sup>th</sup> of March this term. Each child got to participate in at least one flat race and one obstacle race. The children's races were very interesting and superb fun. The mums' and dads' races were equally exhilarating as well as hilarious. Luckily this time the weather favoured us and it was an extremely successful event.

**Field Trips:** This term the kindergarten took a trip to Mlango farm which was very exciting. Once we arrived, we were given a brief introduction after which we went on a walk, observing the different plants grown there. We learned about various fruits and vegetables as well as organic farming. We got to experience what a real farm is like; much like the farms the children have heard about in story books. In the field the children picked Kale leaves and got to feed the leaves to the horses, pigs, donkeys, goats and turkeys. The highlight of the visit was when the children got to pick strawberries followed by playtime in the small farm playground and lastly a fun picnic. The children enjoyed the trip immensely.

**Fun day:** Our '**Easter Eggstravaganza**' was terrific! It was an enjoyable last day of school for the children; it included jumping castles, face painting, henna, puppet show, balloon modelling, dancing, Easter egg hunt, horse riding and much more.  
**Great fun!**

**We certainly have had an amazing term!**

Thank you for your continued support and contributions across this term.

We wish you a restful and fun filled Easter break and look forward to seeing you in the next term.

# PREP SCHOOL

2016 knocked on the door just the other day and here we are ready to celebrate Easter and holidays!

The term has really been busy with lots of activities going on all through as follows:

**Parents' Orientation-** From 11<sup>th</sup> to 15<sup>th</sup> of January we had Parents Orientations. This time we touched on curriculum areas and expectations. This was highly appreciated by all the parents in attendance.

**Club Assemblies-** For this term, every Friday, a different club came up with a presentation of what goes on in each club and did a wonderful job. These presentations were also well attended by parents. We thank each and every one of you.

**Coffee with Parents-** This is something new that we added on our calendar and the support for the same was immense from the parents. Lots of areas concerning general wellbeing of the child in school as well as at home were discussed and were put into practice. We wish to have more of such discussions every term.

**Parent-Teacher Consultation** – As usual, this day was very fruitful as teachers and parents were able to iron out areas of concerns in academics.

**We would like to urge a few parents who have not turned up for both term 1 and 2 PTCs to make sure they do not miss this opportunity as it helps the child go a long way.**

**Mufti Day** – was celebrated on 19<sup>th</sup> February 2016 themed “Valentine’s Day”. Pupils enthusiastically cat walked and entertained the crowd. We were also able to raise around Ksh.8000/= for School’s Cancer Initiative Project – CATSI.

**Inter-school Sports Events** – Our students took part in friendly matches, tournaments and swimming galas this term where they were exposed to various inter school level competitions as they brought glory to school.

**Inter-school spelling bee** - The annual Interschool Spelling Bee Challenge was held at Oshwal Academy (Primary) and ran from Wednesday, 3<sup>rd</sup> February through Friday, 5<sup>th</sup> February. Our school had all classes represented from Year 2 to Year 6.

The students were able to mingle with, and learn from students from other schools. Most of the spelling strategies learnt in class were put to good practice. Consequently, they should be emphasized during lessons. It was a learning experience and certainly NIS will perform better in the next spelling Bee Challenge.

Overall, NIS was 5<sup>th</sup> out of 10 participating schools. Our overall position was affected by our not fielding competitors in Year 1.

**Annual Swimming Gala** – During this event, everyone from year 2 to year 6 participated. The day was a great success, all pupils and involved staff thoroughly enjoyed themselves with the sense of team spirit.

The day started with the school prayer, pledge and national anthem. The four houses then proceeded onto a march around the pool side to welcome parents and guests.

The pupils found themselves taking part in many traditional Swimming races, catering for all abilities. The students took part in go fishing races, kickboard races, Freestyle, Backstroke and Breaststroke, as well as Relays. Although the students were having lots of fun, these races were taken very seriously and the competitive spirit grew stronger in each race.

Thank you to all the parents and teachers who helped out at the event. The support that you give to NIS Swimming Gala is invaluable. Well done to all the students who took part; many Bronze, Silver and Gold medals were given away throughout the morning.

**Field Trips** – As a part of our out-side school extended learning, all pupils at NIS went for a day out as follows:

## **Year 2**

This term the year 2 class visited Kazuri Beads Factory located in Karen, Kenya. Under the guidance of Teacher Joseph, the children each got a chance to interact with the women and help them make clay beads. They also saw how the beads are fired in a kiln, painted and made into beautiful jewellery. They then went to the shop and bought their own necklace/bracelet making kit to take home. The trip ended with a sumptuous picnic. It was indeed an exciting experience with the children learning how a natural product like clay can be made into manufactured goods for sale.

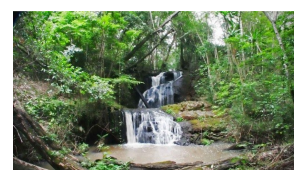

## **Year 3**

On the 21<sup>st</sup> of January 2016 the year 3 class went to Karura forest to learn about the conservation of trees and their importance.

When we arrived there, we were welcomed with open arms and started our journey through the forest. The children were able to see the difference between the two forests, natural and man-made. They were able to give the importance of trees. We were then led to the caves where children got the opportunity to see bats and the oldest tree in Karura forest which is 300 years old.

After walking for long we finally reached the waterfall and the children learnt that the water comes from the Aberdares. Two hours later we finally arrived where we started from. The children were tired and hungry. They sat down and ate their lunch and played in the big field which had slides and a see-saw.

We thank Karura forest management for the lovely experience.

#### **Year 4**

This term, the year 4 students visited Bomas of Kenya. They had the opportunity to visit the different Kenyan villages. This was in line with their Geography topic 'Early Villages' and History topic "The Anglo-Saxon Villages". They explored the way of life in the traditional villages and were able to highlight the differences in the modern way of life and that of the past.

Children also enjoyed traditional dances presented by different Kenyan communities. It was a very good educational and fun trip.

#### **Year 5**

We had a successful year 5 trip to IMAX Panari Hotel on 22nd February 2016. All the pupils participated in this day trip as expected. We had a total of 41 pupils accompanied by two teachers. They enjoyed their field trip to the movie "Alvin and the Chipmunks" and later on to an exciting shopping at Uchumi, Capital centre.

The following day we did a film review on the movie and their response reflected that the trip was a learning experience too. They were able to differentiate between factual and fictional characters and we also did a lot of discussions and critical analysis on every aspect of the movie.

Shopping at Uchumi, was an amazing experience where children looked confident and independent. They responsibly carried out all their shopping.

It was in short a memorable event and the students will cherish it.

#### **Year 6**

The Year 6 students had an educational cum fun trip on 9<sup>th</sup> March. They visited the Nairobi Safari Walk where they learnt more about the environment, habitats and feeding relationships among living things. Shopping was done at the Junction, Ngong Road where the students exercised the mathematical skills and concepts learnt-carrying out mental addition, subtraction and giving change.

Students thoroughly enjoyed the day and will remember it for days to come.

#### **Prep School Musical**

This year, the Prep-School staged two wonderful musicals at The Kenya National Theatre on 22<sup>nd</sup> March 2016. These were among the best shows ever staged by the N.I.S Prep-School pupils. Evidence of rich and professional talents was brought out in the humorous script of "The Princesses and The Frog Prince." Performed by The Year 2's & Zahrie "Princess Rosalia" 3's, flavoured the school band and angelic voices of the choir. The rib cracking lines of the clowns, naughty princesses and the all proud kept the audience glued to their seats in awe!

Then came the show stopper, the satirical adaptation of "The Rise of Ali Baba" performed by Year 4,5 & 6 where Mrs. Ali Baba's lies and new found ways of life kept the audience applauding all the time. The suspense created by the gang members and the jealousy of Mrs. Kassim and the market ladies provided a mirror for all to correct our short comings .It was a show like no other!

# SENIOR SCHOOL

We have finally come to the end of the 2<sup>nd</sup> term after 12 long weeks sprinkled with serious, fun and fulfilling moments and at this point everybody is ready for the 2 week break. It is short but nevertheless will serve the purpose.

A peek into the term's activities will reveal that the first half has saw us host the **Parents Social Evenings** for each year group and the attendance in most cases was fairly good but we feel that it can be better. The main purpose of these socials is to create a forum on which parents and staff can discuss the non-academic issues that affect our children. The meetings were successful and a number of parents across the board expressed their appreciation. The school is now in the process of implementing some of the solutions agreed upon during these meetings. Details about the proceedings at the meetings will be sent out soon.

On 23<sup>rd</sup> of January we held our **Careers Day** and the occasion was graced by speakers from diverse professions. They candidly shared their stories about their journeys to success and their presentations served as eye openers to the students. The most popular was David Muriithi who is a creative entrepreneur, realtor, talent and event manager, music promoter and DJ. He is also the Managing Director of Creative Enterprise Centre, a regional capacity building centre whose main focus is formulating and implementing various capacity building strategies that enhance professionalism within the creative industry in the region. Another brilliant speaker was Gameli, a computer hacker turned internet security consultant! He was totally intriguing. We also had the Coke Studio Director, a lawyer, 2 pilots, 2 doctors, 2 information Technology specialists, a nutritionist, a finance director – Alistair Gould and an aeronautical engineer (Naima Sheikhan) who is also a former student. The speakers were very brilliant and encouraged the students to be focused, to work hard and smart and to pursue their passion because there are indeed so many opportunities out there for them. Bottom line was/is, the students are responsible for creating their future. . It was a day well spent and the audience left with some food for thought.

This was followed our **Annual Book Week** and it ran from the 25<sup>th</sup> to the 29<sup>th</sup> of January. It was really quite exciting for us all because apart from the usual activities we had the privilege of hosting **Caroline Mutoko**, a renowned media personality. She gave a brilliant talk to the students challenging them to keep up with the dynamic digital world and cautioned the students about exposing themselves negatively to chat sites because “the internet does not forget”. In line with the Book Week, she emphasized the importance of reading extensively because knowledge empowers people. By the time she was done talking, her audience was awe-struck.

Our second guest during this week was an author who recently made her debut into the literary world when she launched her first book, **Rainbows in My Clouds**, and that is none other than our very own **Mrs. Radhika Lee**. Her book was an instant hit and within weeks of being launched it was selected for study at Masters Level at the University of Nairobi Literature department. The round table session with her was amazing and her honesty and sincerity was truly touching. We could have sat there all day talking about her autobiography but time did not allow. This book is a must read so if you haven't read it please make your way to the nearest bookshop and get yourself a copy. It makes a very interesting read and all proceeds go to **CATSI**.

### **RECRUITING OF NEW CATSI AMBASSADORS**

Being the main C.S.R for N.I.S, this term CATSI made a milestone by increasing the number of Ambassadors from the current number of 25 to 40 ambassadors. This was a major breakthrough for CATSI as we strongly believe the more ambassadors we have, the easier it is for creating awareness and sensitization to the students' body and staff.

### **INTERVIEWING OF A CATSI BENEFICIARY**

Apart from increasing the number of Ambassadors, CATSI also made another milestone by having the opportunity of interviewing one of her beneficiaries. We had the chance and privilege to interview the ever jovial, positive and energetic Mrs. Jane Francis.

The interview was conducted by the CATSI Ambassadors which made the group actually learn a lot from her.

A big thank you to Mrs. Jane Francis.

### **MARKING OF THE WORLD CANCER DAY**

On 04<sup>th</sup> of February, 2016 as the world was marking the World Cancer Day, the CATSI Ambassadors at N.I.S also played an important role in creating awareness and sensitization among the student fraternity, the N.I.S staff and the world as a whole.

They did this by selling of the different Cancer ribbons to the students and staff. This drive was a success because apart from creating awareness to the students body; it also raised KSh 12,750 which went to the CATSI Kitty.

A very big thank you to the CATSI Ambassadors, the students' body and the N.I.S Staff for making this a success. Big up lads!

On 6<sup>th</sup> of February the school was represented at the **Nairobi Academy Verse Recital Competition** by 3 students namely Ivy Omboga, Wangechi Mwaura and Tanya Kyale. Ivy managed to clinch 3<sup>rd</sup> position in the U18 Category. Well done to all the participants for their effort.

## MSMUN

MSMUN 2016 annual conference officially kicked off on 26<sup>th</sup> January 2016 with the lobbying session at the United Nations Headquarters.

The delegates took advantage of the opportunity to flex their diplomatic muscle. Inter-school rivalry and the spirit of friendly competition defined their experience as they sought to showcase their talents. A big thank you to the ambassadors: Zara Taibjee, Wambui Kahende, Vanessa Githua, Shanganani Mwenda and Molly Cavainalle who put in superfluous effort to ensure their delegations are equipped and set for the debates. This year's conference was a great experience and it was my joy seeing all the delegates fully participate in their various committees during the sessions. Well done!

## World Scholars Cup

Things can only get better! This year is our second year as a school to participate. The Global theme is, ***The imperfect World***. The East African round was held on 23<sup>rd</sup> and 24<sup>th</sup> of February 2016. There were selected topics in art, music, literature, history, science, and social studies. Our school was represented by 7 teams- 4 from the junior division and 3 from the senior division, each team had 3 students. They all took part in the Scholars bowl, Team debates and Collaborative writing. The students performed extremely well at the regional round. We got two trophies for the school and 1 for Wangechi Mwaura who was the best speaker overall at the competition and numerous medals! The students were astonishingly excellent. All the teams qualified for the Global round to be held at Bangkok, Thailand from the 24<sup>th</sup> of June-1<sup>st</sup> of July 2016. The skills and confidence demonstrated by these young boys and girls were truly impressive. Thank you all for an incredible presentation. Kudos all the participants. You made us proud as a school!

## DStv Eutelsat School Outreach Event

This was hosted at N.I.S on 10<sup>th</sup> of February and saw the coming together of representatives from Multichoice management, EU-TELSAT the Media and about 40 students from 3 different schools. On arrival the guests viewed the Art Exhibition before settling down to the main programme which began with a welcome address from Mrs Lee. This was followed by a very interesting presentation from an astronaut (yes an astronaut!) by the name of Paulo Nespoli. Who knew that astronauts could be interesting and that they have a sense of humour! After this we had some more serious presentations on the environment and CATSI followed by entertainment - song, dance and poetry all presented by N.I.S students. After the event, the visitors were treated to a sumptuous lunch and the day ended with the guests and N.I.S student's hand painting and signing in DStv colours.

The **Mock Exams** ran smoothly after which the students were allowed to break early for mid-term and the PTCs that followed were well attended.

## UNI-FAIRS

On the 5<sup>th</sup> of March our Year 13 students attended the Australian Universities and Colleges Fair that was held at Brookhouse. Here, once again our students were able to interact with the various representatives and we had some of our students applying to some of the Universities present. We also had visits from various university representatives from Denmark, USA and Malaysia amongst others.

## EAMUN:

We had our senior students also attending the EAMUN Conference held at the United Nations Offices, Gigiri from the 22<sup>nd</sup> to the 26<sup>th</sup> of February. Once again our students did extremely well. Alaa Sirelkhatim in Year 13 emerged as one of best speakers during the Conference. The peak moment of the week was the dance held on the last day at Hillcrest School.

## Author's Visit

This term, the year 7 stream had a surprise visit from Kenyan/American author and editor of Old Africa magazine, Shel Arensen. The year 7's, as part of their English curriculum, are required to have a class reader. This year, we chose the 'Rugendo Rhinos' series which are a memoir of sorts of a man's childhood living in the Kenyan bush. Luckily, the author, Mr. Arensen, lives in Naivasha (Kenya) with his wife Kym was more than willing to visit the class and have a chat with the students.

The students were exhilarated to meet him especially as they have really enjoyed reading his books and could relate to the characters in the books. They asked questions, had a laugh and got clarification on some of his stories. It is needless to say that they were in awe as we concluded the session with a book signing.

## Houses

The highlight of this term's inter-house competitions was the "Ruka na Shuka" competition. Each house was to present three dances: traditional, contemporary and classical. The dances were quite entertaining and this year's winners are as follows:  
Traditional: Leonardo, Contemporary: Donatello, Classical: Raphael  
Overall winner for the dance-off was Raphael house with a clean 100 points.

## Community Service

On 23<sup>rd</sup> of March a group of Yr. 11 girls, namely Savannah, Amy and Thandie armed with 414 rolls of tissue and 80 packs of sanitary towels, set out on a visit to Children's Garden Home and School which is located along Naivasha Road. They were warmly received by the proprietor and a group of girls who chatted with them for a while before they posed for photos. One thing for sure is that the girls were very appreciative and are looking forward to more visits from us. We want to thank all the parents who responded to our appeal thus making it possible for N.I.S as an institution to make a difference in these children's lives.

## BEATS, BRUSH AND SYMOHONY.

Beats, Brush and Symphony's second edition was a great success. We had about 200 students from Loreto Convent, Msongari, Oshwal Academy, Nairobi School, Premier Academy, St Christopher's, Braeside, Rusinga School and Nairobi Academy.

The students had a very creative day making music together and creating art. The highlight of the evening was an interesting exhibition that had pieces in clay, trees made from plastic bottles, paintings, drawings, photography and beadwork.

The concert was very exciting with guest performers, 'Boys and Girls Choir' bringing the house down. The joint Orchestra, several ensembles and solo pieces showcased the students' talent. Even through the gloomy weather, the event was a success with a buzz of creativity emanating from all the students involved.

## Director's Thankyou Lunch for Prefects.

On the 22<sup>nd</sup> of March, Mrs Lee treated all our outgoing prefects to a thankyou lunch at "FOR YOU" for a job well done. Prefects felt privileged and honoured to be in the company of the Mr Wangosho and Mrs Vishwanath along with the Director Mrs Lee, who ensured that they had a sumptuous meal and an exhilarating time, while they shared their unforgettable experiences as prefects at NIS. Another tradition at NIS this will be, in the years to come!

## From the sports desk

This was an eventful term with nearly 70% of our students participating in one or more of the offered activities.

These were U/14 boys and girls hockey, U/15 and U/19 boys basketball, U/19 girls football, swimming and golf.

### Hockey:

This activity was played on a friendly basis in both gender categories. With the regular after school training quite a few of the juniors showed encouraging potential in their performance during the matches that they played against RVA Academy, Peponi school and ISK. I hope that with this foundation they will be playing in the league next season

### Girls Soccer:

The girls played a total of six league matches. A sizeable number of the members made their debuts into the first 11. This notwithstanding, the team accounted well of themselves putting in credible performances in the league games.

The highlight of the season was the Brookhouse tournament, where they lost in the semis and were eventually third. We hope next season will be more fruitful.

Although the entire team put in a concerted effort, special mention goes to Aisha Khan, who exhibited an unrelenting attitude, Wangeci Mwaura and Gacheri Mbogori who were fearless in their tackling and attacking, our long serving captain Alesa Ilako and the outgoing year 13's Faith Wahome and Alaa Sirelkhatim whose contributions to the team were invaluable.

The team was comprised of:

**Siobhan Ilakho, Safana Butt, Aisha Khan, Rianna Khanna, Justine Dipio, Maureen Mark, Shammah Maina, Sophie Yalouris, Tanvi Kaul, Michelle Wambui, Nikita Joella, Ruth Kenyanjui, Ivy Omboga, Siri Hazel, Kyra Simbii, Irene Mpinga, Annie Kambo and Terry Kajuju.**

*To each one of them we say thank you for the time and effort*

### Boys' Basketball

A mixed bag of results best describes the season. For the first time we played in two leagues. These were the U/15 and U/19.

The U/19 team started the season on a low note with a completely new team with most of the players playing in a league for the first time a situation they found quite challenging. The team faced BGE, Brookhouse, Hillcrest, Rosslyn, WNS & Oshwal. They won 4 games out of the 6 which led them to participate in the semis, where they lost to RVA by 2 baskets which was quite an achievement and a demonstration of great character within the team, despite the intimidating atmosphere that is always experienced by players in the Kijabe fixtures.

With the addition of 2 more players the team has received a timely boost and hope for a more familiar result next year.

On their maiden appearance the U/15 team had a decent streak, losing only one of their five games in the preliminaries to qualify for the semis where they went down fighting to Brookhouse, the eventual winners of the league. On their course to the semis, the boys registered convincing wins over St Andrews Turi, Aga Khan Academy, Strathmore, Nairobi Academy and Rusinga School losing narrowly to Peponi.

#### The Team:

**U/19:** David Masamali, Deep Palmar, Daniel Vasili, Tony Muthuri, Edmond Nichola, Andre Etabale, Hassan Ali, Neal Kaida, Liban Ali, Brian Onyango Oyoo, Kevin Derulo, David Bishweka, Andrew Maina, Ian Ochieng.

**U/15:** Adam Tayebjee, Martin Karunditu, Jeff Muchiri (Capt), Kabir Chana, Guenna Sikalov, Emmanuel Deng, Romi Deng, Saruni Mores, Reuben Chomba, Mustafa Mohamed and Neel Sanghani.

### **Golf:**

The lads attended the inaugural Drive for show competition where they spent a fun filled day working on their drives. With over 50 participants and the National Jr golf team in contention, Adam Tayebjee emerged 2<sup>nd</sup> in his category with a 260 meter drive. It was encouraging to also have Taheer Alibhai and Nathan Macharia qualify for the 2<sup>nd</sup> round which was the open challenge.

The team: Taheer Alibhai, Nathan Macharia, Adam Tayebjee and Aman Degon.

### **Swimming:**

There is definitely remarkable growth from the grassroots with the U/13's leading the charge. At different levels of proficiency, I can confidently proclaim that 99% of the year 7, 8 and 9 can swim. With emerging talent and enthusiasm the swimmers participated in two swimming events with impressive results. The predominantly junior swimmers were complimented with the addition of our senior swimmers, Alesa Ilako, Wambui Wambugu, Juhi Dawoodia, Bulisa Masiga and Nikhil Raj, in the Rosslyn "swim match". The U/13 consisting of the year 7 and 8 also attended the AISK invitational gala at St Christopher's and put in a decent performance with Phreya Acharya, Misbah Chaudry and Liam Hurst making podium finishes in their age categories.

### **Next term's fixtures and events:**

With the looming exams, next terms events will be largely focused towards the year 10s to 7s. The U/15s will be participating in the AISK netball and rugby league for girls and boys respectively and a few friendlies for the U/14s.

We also endeavor to have representation in the Windsor junior championship which is a WAGR event (World amateur golf ranking) and a few swim meets with the grand finale being the soccer trip to Spain.
